Sample Questions: (Text Based Question)

In Cyber Security, CIA triad provides a common model to ensure that the system is secure.

Alice sent an email to Bob. In the email body Alice had written "Hi Bob - Call me at 123-456-7889". However, when Bob received the email, text included "Hi Bob - Call me at 567-892-1234". Which of the CIA triad component(s) got affected in this case.

FINAL ANSWER

?

Options:

- A Both B & C
